GRAMPIAN COMMUNITY CARE CHARITABLE TRUST DIRECTORS' REPORT

The directors submit their report and the audited financial statements of the charitable company for the year ended 31 March 2018.

The directors confirm that the annual report and financial statements of the company comply with the current statutory requirements, the requirements of the company's governing document and the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" issued in March 2005.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Nature of governing document

Grampian Community Care Charitable Trust (the Trust) is a company limited by guarantee (company number SC168624) and recognised as a charity by the Office of the Scottish Charity Regulator (charity number SC025334). The charitable company is governed by its Memorandum and Articles of Association.

The Trust is a wholly owned subsidiary of Castlehill Housing Association (Industrial & Provident Society number MS 1670 R(S)) & recognised as a charity by the Scottish Charity Regulator (charity number SC013584).

Organisational structure

A board of directors of up to 11 members, who meet at least 4 times a year, administers the charity. A maximum of 6 members may be representatives of Castlehill Housing Association.

A manager is employed by the Trust's parent company, Castlehill Housing Association Ltd, to manage the operations of the charity with day to day activities being carried out by the member Housing Association.

Recruitment and appointment of directors

The powers for appointment and removal of Directors are set out in the company's memorandum and articles of association.

The resignation and appointment of directors who are local authority councillors are as a result of local authority elections.

Prospective independent directors are proposed by an existing director at a minuted board meeting before the individual is approached, and their appointment is based on the candidate's expertise and suitability to the role.

The members have the power to review the composition of the Board at an Annual General Meeting or at an Extraordinary General Meeting, under Articles 22 and 33. Directors shall also vacate their office through disqualification as required under Articles 44 and 45.

GRAMPIAN COMMUNITY CARE CHARITABLE TRUST
DIRECTORS' REPORT (continued)

Risk management

The directors have assessed the major risks to which the Trust is exposed, in particular those related to the operations and finance of the company and are satisfied that the systems are in place to manage the exposure to major risks.

Objectives and Activities

Grampian Community Care Charitable Trust was incorporated on 27 September 1996 with the primary objective of providing affordable, specialised housing for people who are unable to live independently in the community.

Initially the main focus of the Trust from its inception has been the NHS Grampian Hospital Resettlement Programme, the aim of which is to provide accommodation in the community for people living in long stay hospital care.

A further progression from this is to provide suitable family accommodation for those with a family member who have specialised requirements.

Currently the Trust has 50 individual properties of which 23 are group homes. In total there are 172 bed spaces.

The directors have agreed a vision statement to guide them in developing the future activities of the Trust: "Providing sustainable and adaptable homes for people with particular needs".

In order to achieve the objectives the charity has engaged with stakeholders to identify opportunities for development.

The company's main sources of funding are obtained from The Scottish Government, Local Authorities and private borrowings. Opportunities to develop the company's portfolio of affordable and specialised housing are assessed on a needs basis and no project is undertaken unless it is financially viable.

ACHIEVEMENTS AND PERFORMANCE

Relationships have been built across the three local authorities in which we have housing stock, where we now have current void loss/nomination agreements in place. We are now looking at development opportunities particularly within Moray where an accommodation review for learning disabilities is nearing completion. Alternative funding sources will require to be identified to continue with future additions to the Trust's stock.

FINANCIAL REVIEW

The results for the year are set out in the Statement of Financial Activities on page 9 and the Statement of comprehensive income on page 10. The Directors of the Company are of the opinion that the state of affairs of the Trust as shown on the Statement of financial position on page 11 is satisfactory.

GRAMPIAN COMMUNITY CARE CHARITABLE TRUST
DIRECTORS' REPORT (continued)

FINANCIAL REVIEW (continued)

The surplus for the year was £185,895 (2017 - £177,794) before £82,954 (2017 - £69,570) was transferred to designated reserves.

The unrestricted reserves are made up of a general reserve of £1,444,673 (2017 - £1,341,732) and designated reserves of £1,981,388 (2017 - £1,898,434).

Investments

The policy of the Trust in the investment of cash is to achieve a satisfactory return while minimising risk. The overriding principle is to minimise risk rather than maximise return.

Loan funding

The long term loans of the Trust total £1,725,494 at 31 March 2018.

Reserves

It is the policy of the Trust to maintain three unrestricted funds, two of which are designated for specific purposes.

The general reserve represents those funds not tied up in designated funds. The Trust's policy is to maintain the general reserve at a level which equates to between three to six months unrestricted expenditure, which equates to between £250,000 and £500,000 of free reserves. This will provide sufficient funds to cover management and administration costs during any temporary interruption to the Trust's activities. The balance on the general reserve at 31 March 2018 was £1,444,673. The Board intends to monitor the general reserve annually to ensure the reserve remains at a satisfactory level.

The major repairs reserve has been designated by the Board to fund future planned maintenance - the appropriate level of this reserve has been determined from previous 25-year life cycle cost projections. Regular inspections of the Trust's properties also contribute to planned maintenance. The balance on the reserve at 31 March 2018 was £1,342,006 which the Board considers to be sufficient.

The services reserve has been designated to fund the replacement of specialised equipment provided by the Trust to tenants, and charged to tenants through a service charge. The specialised equipment is included with the houses for letting costs in the balance sheet. The amount transferred annually to this reserve is equivalent to the surplus of the service charge income over costs incurred.

PLANS FOR FUTURE PERIODS

The Trust continues to work in partnership with both statutory and voluntary providers of health and social care, to identify and meet the needs of individuals who require specialist accommodation to enable them to live in their communities. The Trust is working with all local authorities to ensure our housing stock meets the needs of our current tenants and leaseholders and for our potential customers in the future.

We are actively considering a potential new development of self-contained flatted accommodation in Elgin that Moray Council has invited us to be involved in. The properties will provide independent flats for adults with learning disabilities; with staff nearby if support is required.

GRAMPIAN COMMUNITY CARE CHARITABLE TRUST
DIRECTORS' REPORT (continued)

PLANS FOR FUTURE PERIODS (continued)

The name change to "Castlehill Trust" cannot go ahead due to changes in legislation so our board have recently agreed on the name of "Castlehill Housing Trust". We would hope that we will be able to start using the new name by the end of 2018.

The rent review exercise has taken longer than first anticipated due to the complexity of our stock portfolio, so our rents and service charges have been frozen for the second year running. The Trust Board will continue to investigate various rent modelling exercises during 2018 with any changes expected to be in place by April 2019.

The Private Residential Tenancy (Scotland) took affect from 1st December 2017. However, this is only for new tenants to the Trust as all of our Assured tenancies up to this date remain with their same rights and responsibilities as before.

PROVISION OF INFORMATION TO AUDITORS

As far as the directors are aware, there is no relevant audit information of which the company's auditors are unaware and we have taken all the steps that we ought to have taken as directors in order to make ourselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

AUDITORS

Anderson Anderson & Brown Audit LLP have expressed their willingness to continue in office and a resolution proposing their re-appointment will be submitted at the annual general meeting.

Signed on behalf of the Board of Directors

**GRAMPIAN COMMUNITY CARE CHARITABLE TRUST
DIRECTORS' RESPONSIBILITIES STATEMENT**

The directors (who are also trustees of Grampian Community Care Charitable Trust) for the purposes of company law) are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company and charity law requires the directors to prepare the financial statements for each year.

Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of the affairs of the company and of the incoming resources and application of resources of the company for that period. In preparing these financial statements, the directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Observe the methods and principles of the Charities SORP;
- Make judgments and estimates that are reasonable and prudent; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006, the Charities and Trustee Investment (Scotland) Act 2005 and the Charities Accounts (Scotland) Regulations 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS AND TRUSTEES OF GRAMPIAN COMMUNITY CARE CHARITABLE TRUST

Opinion

We have audited the financial statements of Grampian Community Care Charitable Trust for the year ended 31 March 2018 which comprise Statement of Financial Activities, Statement of Comprehensive Income, Statement of Financial Position and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2018 and of its incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006, the Charities and Trustee Investment (Scotland) Act 2005 and Regulation 8 of the Charities Accounts (Scotland) Regulations 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charitable company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS AND TRUSTEES OF GRAMPIAN COMMUNITY CARE CHARITABLE TRUST

Other information (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion based on the work undertaken in the course of our audit

- the information given in the trustees' report, which includes the directors' report prepared for the purposes of company law, for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report included within the trustees' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report included within the trustees' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 and the Charities Accounts (Scotland) Regulations 2006 require us to report to you if, in our opinion:

- adequate and proper accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement set out on page 6, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS AND TRUSTEES OF
GRAMPIAN COMMUNITY CARE CHARITABLE TRUST**

Auditor's responsibilities for the audit of the financial statements

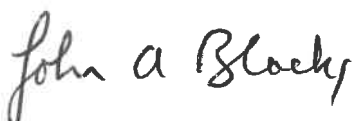

We have been appointed as auditor under section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005 and under the Companies Act 2006 and report in accordance with the Acts and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of part 16 of the Companies Act 2006, and to the charitable company's trustees, as a body, in accordance with Regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the charitable company's members and trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company, the charitable company's members as a body and the charitable company's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

GRAMPIAN COMMUNITY CARE CHARITABLE TRUST
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2018

1. General Information

Grampian Community Care Charitable Trust is a private company limited by guarantee incorporated in Scotland. The registered office is 4 Carden Place, Aberdeen, AB10 1UT. The principal activity of the company is to provide affordable specialist housing for people who are unable to live independently in the community.

2. Accounting Policies

(a) Basis of financial statements preparation.

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standards applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2015) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and Companies Act 2006.

Grampian Community Care Charitable Trust meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

(b) Restatement of prior year figures

The prior year figures in the Statement of Financial Activities and the Income and Expenditure Account have been restated to include grant released from deferred income within incoming resources and income respectively. Previously this had been offset against resources expended and net operating costs.

(c) Going concern

The directors, having made due and careful enquiry and preparing forecasts, are of the opinion that the company has adequate working capital to execute its operations over the next 12 months. The directors, therefore, have made an informed judgement, at the time of approving the financial statements, that the company has adequate resources to continue in operational existence for the foreseeable future. As a result, the directors have continued to adopt the going concern basis of accounting in preparing the annual financial statements.

(d) Incoming Resources

(i) Donations

Donations, including donations in kind, are credited to income in the year in which they are receivable.

(ii) Lease income

Lease income represents rental and service charge income receivable net of voids.

(iii) Revenue grants

Revenue grants are credited to income in the year to which they relate.

GRAMPIAN COMMUNITY CARE CHARITABLE TRUST
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2018 (continued)

2. Accounting Policies (continued)

(d) Incoming Resources

(iv) Intangible income

Intangible income, which comprises donated services being the provision of directors and other individuals to attend management meetings, has not been recognised in the Statement of Financial Activities as it has not been possible to obtain estimates of the financial cost borne by the donors.

(e) Resources Expended

Liabilities are recognised when the charity has an obligation to make a payment to a third party. Resources expended are included in the Statement of Financial Activities on an accruals basis, inclusive of any VAT.

Expenditure is directly attributed to the relevant category within the Statement of Financial Activities where practical. Other expenditure is allocated on a pro-rata basis determined by the directors.

(f) Tangible fixed assets - housing properties

Housing properties are stated at historical cost. This cost includes:

- Cost of acquiring land and buildings
- Development expenditure
- Interest charged on the development loans used to finance the scheme
- Directly attributable costs of administration of acquisition and development

Depreciation is charged on a straight line basis over the remaining expected useful life of the property. All properties are assumed to have a useful economic life of 50 years.

Properties (excluding land) are depreciated at 2% p.a. on original cost.

(g) Capital Grants

Where a grant is paid as a contribution towards revenue expenditure, it is included in turnover. Where grant is received from government and other bodies as a contribution towards capital cost of housing schemes, it is recognised (as income using the performance model in accordance with the SORP). Prior to satisfying the performance conditions (e.g. on completion of new build properties), such grants are held as deferred income on the statement of financial position.

(h) Taxation

The company is recognised by HM Revenue and Customs as a charity and as a consequence of the tax reliefs available in relation to current year income is not liable to taxation.

GRAMPIAN COMMUNITY CARE CHARITABLE TRUST
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2018 (continued)

2. Accounting Policies (continued)

(i) Lease Commitments

Rentals under operating leases are charged on a straight-line basis over the lease term, even if the payments are not made on such a basis. Benefits received and receivable as an incentive to sign an operating lease are similarly spread on a straight-line basis over the lease term, except where the period to the review date on which the rent is first expected to be adjusted to the prevailing market rate is shorter than the full lease term, in which case the shorter period is used.

(j) Funds

Funds held by the charity comprise:

Restricted fund:

A restricted fund is used for amounts received from sponsoring organisations, which have been earmarked for specific purposes by the donor. There was no such fund at the year end.

Unrestricted funds:

- **General**
This fund is expendable at the discretion of the Directors in furtherance of the objects of the Trust.
- **Designated**
This fund represents funds earmarked for future major repairs and to fund the replacement of specialist equipment. The Trust maintains its properties in a state of repair, which at least maintains their residual value in prices prevailing at the time of acquisition and construction. Provision is made for such future expenditure.

The amount transferred annually to the services reserve is equivalent to the surplus of service income over costs incurred in the provision of services and replacement of equipment.

(k) Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

(l) Creditors

Short term creditors are measured at transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

(m) Cash and cash equivalents

Cash comprises cash in hand and deposits repayable on demand. Liquid resources are current asset investments that are disposable without curtailing or disrupting the business and are readily convertible into known amounts of cash at or close to their carrying value.

GRAMPIAN COMMUNITY CARE CHARITABLE TRUST
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2018 (continued)

2. Accounting Policies (continued)

(n) Financial Instruments

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade payables or receivables, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration, expected to be paid or received. However if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest that is not a market rate or in case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Financial assets that are measured at cost and amortised at cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Income statement.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate, which is an approximation of the amount that the company would receive for the asset if it were to be sold at the reporting date.

Financial assets and liabilities are offset and the net amount reported in the Statement of financial position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

(o) Provisions

The company only provides for liabilities at the year end where there is a legal or constructive obligation incurred which will likely result in the outflow of resources.
